

SAFLOK RT™ Lock

The RT RFID electronic lock combines the rugged durability of a full-body lock with SAFLOK's highly reliable security features to bring properties security and convenience in a single source. The SAFLOK RT™ lock is a robust out-of-the-box solution that is compatible with DeskLinc™ and System 6000™. Its tamper-resistant design is also ideal for retrofits.

Features and benefits include:

- Operates with standard radio frequency identification cards or tags (MIFARE ISO 14443A), proprietary keycards not required
- Patented RFID wake-up approach for fast-reading and longer battery-life
- Read-write technology – Staff keycard carries the audit information
- Electronics stored in front housing to avoid disturbing guest during lock maintenance
- Operates with your choice of keycards, wristbands, and fobs
- Credentials encoded via RFID encoder and Type 7 encoder
- Mechanical key override available
- Multiple locking options: mortise, cylindrical latch, and exit device

Escutcheon Options

Specifications

All SAFLOK RT™ mortise locks are prepared to accept standard ASA 4-7/8" (125 mm) strike plates. Lock specifications may change without notice.

- Mortise lock available in standard or an optional automatic deadbolt function
- 2-3/4" from door edge to lever (backset)
- Operates on three AA alkaline batteries
- Door thickness range 1-3/8" – 2-1/2" for standard product

Options

- Spindle and screw kits available for thicker doors
- Escutcheon: 9-3/8" (238 mm) x 3-5/16" (84 mm)

Finish and Lever Options

The SAFLOK RT™ is available in a satin chrome, satin brass, and an ultra-plated satin chrome finish (for ocean front applications), with short and long levers. SAFLOK also offers the Gala lever as an available option.

RFID Credential Options

MIFARE Mini: A cost-effective solution for guest keycards. Available with generic or custom printing

MIFARE 1K: With a 72-entry audit trail, it is ideal for staff keycards. (Also available as fobs or wristbands)

MIFARE 4K: With a 408-entry audit trail, it is recommended for use as lock audit keycards to interrogate locks

* Optional MKO
